Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Friday 04 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Some rain in southeast and northwest. Cool and clear elsewhere.

This Evening and Tonight:
Low cloud, mist and occasional rain across the southeast of England and East Anglia, the rain slowly dying out. Also cloudier with some rain far northwest. Cool and clear elsewhere but with a few fog patches especially the east Midlands.

Saturday:
Rather cloudy in the west and north, with showers, some heavy by afternoon. Elsewhere warm sunny spells although low cloud across the southeast may take until afternoon to break.

Outlook for Sunday to Tuesday:
Many places dry with sunny spells. A few showers are likely inland each day, perhaps becoming more widespread for a time on Monday. Low cloud and drizzle around some coasts.
